

Adding The REALTOR® Badge To A Facebook Page

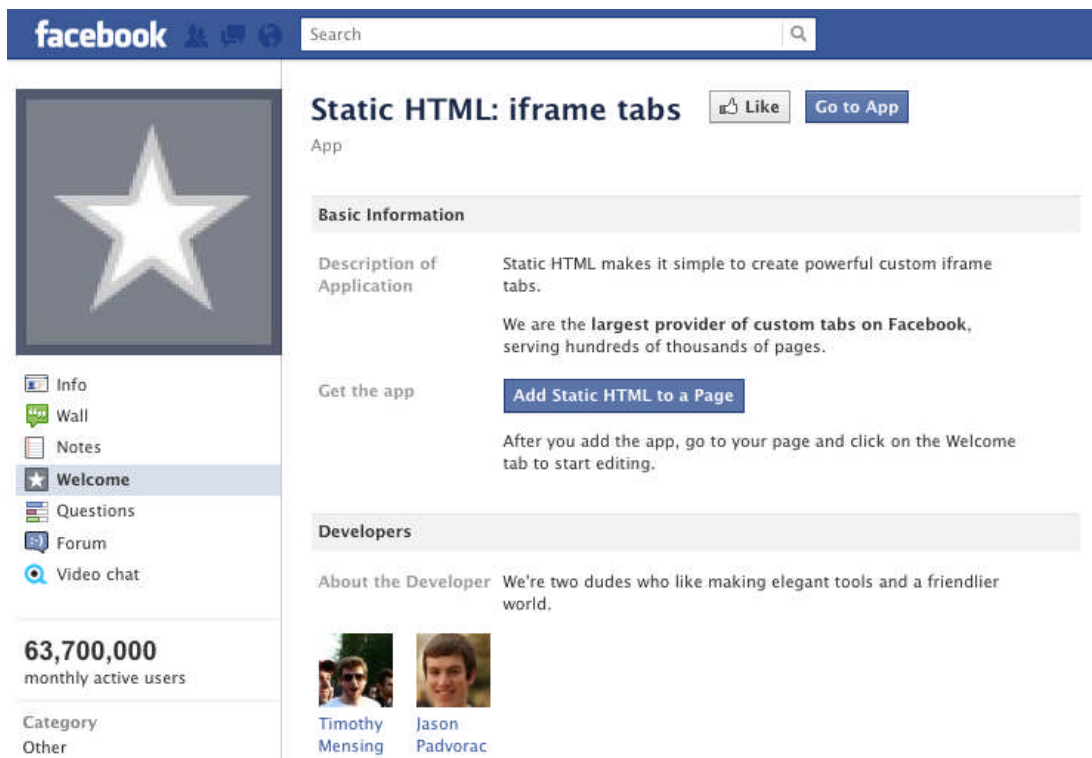

Your REALTOR® Badge can be used in more places than just your website, blog, or e-mail signature line, it also works great in the most popular social networking tool, FACEBOOK!

To add your REALTOR® Badge to your Facebook page, please follow the simple directions below.

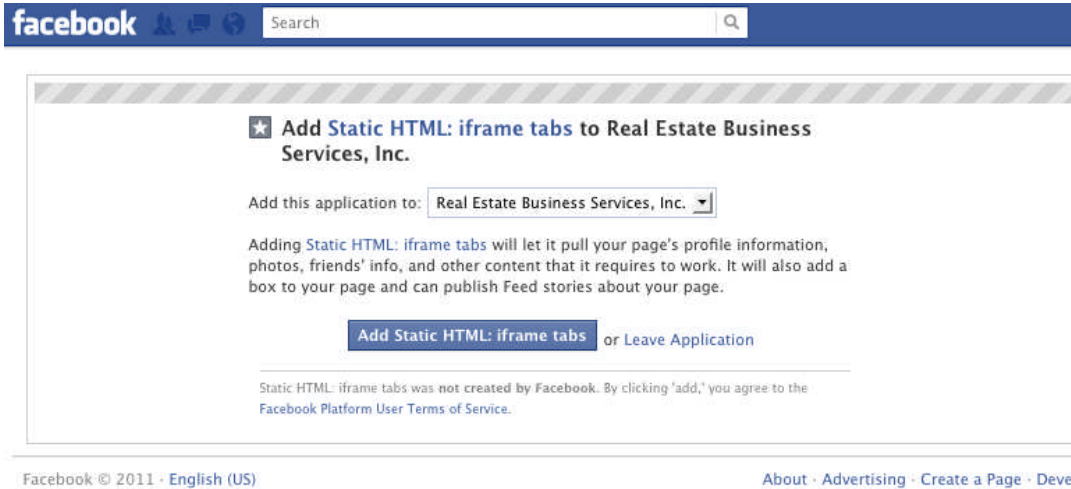

1. Get your REALTOR® Badge HTML Code from www.realtorbadge.com and copy it to a word document or leave the web browser window with it open.
2. Go to www.facebook.com
3. Log on to the account that has administrative access to your Facebook page.

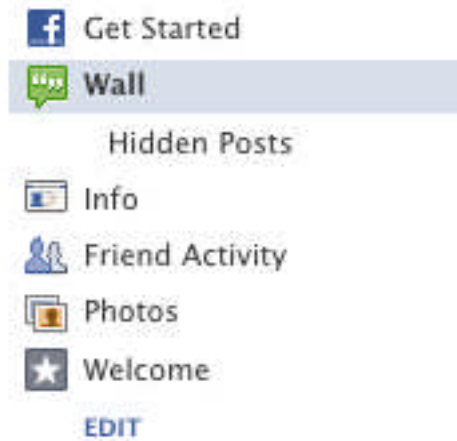

4. Go to the following page: <http://tinyurl.com/realtorfbadge>
5. Click on the button **Add Static HTML to a Page**

A screenshot of a Facebook app page titled 'Static HTML: iframe tabs'. The page has a star-shaped profile picture. The main content area includes a 'Like' button and a 'Go to App' button. Under 'Basic Information', there is a description: 'Static HTML makes it simple to create powerful custom iframe tabs. We are the largest provider of custom tabs on Facebook, serving hundreds of thousands of pages.' Below this is a 'Get the app' section with a prominent 'Add Static HTML to a Page' button. A note below the button says: 'After you add the app, go to your page and click on the Welcome tab to start editing.' The 'Developers' section lists two developers: Timothy Mensing and Jason Padvorac, with their respective profile pictures.

6. Click on the drop-down box and select the Page you'd like to add the Static HTML: iframe tab to.

7. Click on the button “**Add Static HTML: iframe tabs**”
8. Once you're re-directed to your Facebook page, click on the WELCOME button on the left-side of the page.

- Copy and paste the REALTOR® Badge HTML code into the box with the heading **“ENTER YOUR CONTENT HERE”**
